# Windham High School: 2017 NH YRBS Preliminary Report 

Alcohol Use - Perceptions: Time Trends, By Sex, and By Grade

Windham High School is in the Greater Derry Public Health Region and is served by the Bridges crisis center.

## PRELIMINARY RESULTS (v1.2)

This report contains preliminary results for 2017. All 2017 results are subject to change when the CDC returns the final dataset to the State, expected in early 2018. Please use caution when referring to and using these preliminary data until the final data set is received from the CDC. This report contains results for all questions asked on any YRBS survey since 2007. Note, access to regional level results were first made available in 2015 and are not available prior to that year.

## State and Regional Estimates

State and Regional estimates are calculated from a random sample developed using scientific survey methods. These methods ensure the respondents are representative of students in the region in the State. These estimates account for student, classroom, school, and regional factors. The random sample is not designed to provide school level estimates.

## School Level Estimates

The 2017 survey response rate at Windham High School was $87 \%$ where 786 of 901 students took the survey. School level estimates are unweighted and based on a convenience sample of students in attendance, and not opting out of participation in the YRBS, on a given date and time during the school year. However, because participation was relatively high the school estimates may still be representative of the entire school population. Results could be less representative if specific classrooms or classroom types were not included in the survey. We have attempted to estimate how many students in the school actually fall within each risk category. We did this by scaling up the students responding in the survey using school enrollment data.
Estimates number and percentage were suppressed $\left(^{*}\right)$ if the underlying sample size was $<60$ respondents and/or cell sizes are between 1 and 5 .

## Help and assistance

Questions on this report (NH YRBS Community level preliminary report)

## Change Log

v1.2: Indicators revised to display by CDC question direction as greater risk; and, revised methodology to more accurately display number of students projected based on school enrollment data.
v1.1: School estimates corrected to include CDC sample - report sent 8/31-9/1
v1.0: Initial report sent $8 / 29$

Alcohol Use - Perceptions
Percent of students who perceive of no/slight risk from binge drinking once or twice a week

School-level by Sex and Grade

|  |  | $2009(\mathrm{pct})$ | $2011(\mathrm{pct})$ | $2013(\mathrm{pct})$ | $2015(\mathrm{pct})$ | $2017(\mathrm{pct})$ | 2017(n) |
| ---: | :---: | ---: | ---: | ---: | ---: | ---: | ---: |
| By sex | F | - | - | 17.2 | 17.3 | 16.8 | 72 |
|  | M | - | - | 27.2 | 24.7 | 23.4 | 108 |
| By grade | 9 th | - | - | 16.1 | 14.4 | 15.7 | 42 |
|  | 10th | - | - | 20.1 | 21.2 | 15.1 | 34 |
|  | 11th | - | - | 23.5 | 27.1 | 23.7 | 52 |
|  | 12th | - | - | 32.8 | 23.4 | 28.4 | 54 |
| All | All | - | - | 22.5 | 21.3 | 20.5 | 185 |

How the question was actually asked: How much do you think people risk harming themselves (physically or in other ways) if they have five or more drinks of alcohol (beer, wine, or liquor) once or twice a week?; a: No risk ; b: Slight risk ; c: Moderate risk ; d: Great risk;

Percent (pct): numerator: ab; denominator: abcd; qid: 159; 2007q999; 2009q999; 2011q999; 2013q82; 2015q84; 2017q85;
Number (n): Estimated number of students projected based on school enrollment data.
-: Data not available; *: Suppressed due to small cell sizes.

## Alcohol Use - Perceptions

Percent of students who perceive that peers do not think it is wrong to for you to have one or two drinks of an alcoholic beverage nearly every day

School-level by Sex and Grade

|  |  | $2009(\mathrm{pct})$ | $2011(\mathrm{pct})$ | $2013(\mathrm{pct})$ | $2015(\mathrm{pct})$ | $2017(\mathrm{pct})$ | $2017(\mathrm{n})$ |
| :---: | :---: | ---: | ---: | ---: | ---: | ---: | ---: |
| By sex | F | - | - | 23.5 | 29.9 | 27.9 | 121 |
